

CRAIGHOUSE  
EDINBURGH

6 buildings in the development  
Apartments and townhouses

CLIENT  
Quartermile Developments

CDA was appointed by Quartermile Ventures to deliver 6 new residential buildings as part of the redevelopment of the former Napier University campus in Edinburgh, which also includes nine existing A-listed buildings.

The buildings needed to be completely re-designed within the consented massing to create a variety of new apartment and townhouse types.

The interiors were also re-designed throughout.
