CLIENT
Telegraph Media
Group

CDA handled the fast track fit out for Telegraph Media Group's migration from Canary Wharf to Victoria. 120,000ft² of office space on two floors was remodelled to provide enhanced workspace for 1,000 staff. CDA worked alongside Telegraph staff to provide innovative, cutting edge editorial facilities which set new media standards.

Common areas, including the ground floor entrance space and first floor Skylobby have been redesigned and revitalised with new finishes and lighting.
