LaSalle & Coal Pension Properties Ltd

CDA designed a new department store for Harvey Nichols to anchor LaSalle Investment Management's high-profile redevelopment in Edinburgh city centre.

The complex, mixed-use project includes retail structured around a new pedestrianised shopping street, upper floor offices and a new Bus Station.

CDA has since been commissioned to carry out follow-on tenant works including fit-out projects for Harvey Nichols (including top floor restaurant and bar) and other tenants on Multrees Walk.
