

LION YARD SHOPPING CENTRE | CAMBRIDGE

CLIENT
Aberdeen

CDA has worked with Aberdeen on a series of phased projects to reposition Lion Yard Shopping Centre as a vibrant long-term destination within Cambridge city centre.

The strategy transforms underutilised retail areas into a broader mix of food and beverage, leisure, entertainment, hotel and office uses, supported by an enhanced public realm. Proposals include the reuse of the basement service road as a bowling alley and nightclub, together with significant improvements to mall entrances and circulation.

The wider masterplan broadens the centre's role beyond retail, strengthening its long term resilience and urban presence.
